

Suppliers of Equipment to the Energy Industry in the Past, Present and Future

ELECTRICAL CONDUIT & FITTINGS

Y-SEALS

LED CANOPY LIGHTS

Electrical Equipment

Shipman King's range of Electrical Equipment include Canopy Lights, Y-Seals and the innovative Aliaxis PLXE Electrical conduit and fittings.

Electrical Conduit & Fittings

The Aliaxis PLXE Electrical Conduit is a unique external barrier conduit with an integrated aluminium barrier layer offering true external permeation protection to conveyed cables from fuel spillages and chemicals present in contaminated land.

The PLXE Electrical Conduit fittings can be either PLX electrofusion fittings, or the more common Philmac compression fittings. A 32mm Electrofusion Entry Boot can be used when entering a polyethylene under pump sump or tank turret.

Product Code	Description
DU75615308	32mm Orange PLXE Electrical Conduit – 100m coil
DU98904900	32mm Electrical End Cap
DU98914400	32mm Electrical Conduit Joiner
DU98924200	32mm x ¾" Male BSP Electrical Termination
DU98924300	32mm x 1" Male BSP Electrical Termination
DU43470308	32mm PLXE Conduit Electrofusion Entry Boot
SS1100	32mm Screwseal
